

CPSS TRANSACTIONS ON POWER ELECTRONICS AND APPLICATIONS

CPSS Transactions on Power Electronics and Applications (CPSS TPEA) is sponsored and published by China Power Supply Society and technically co-sponsored by IEEE Power Electronics Society. It publishes original and high quality peer reviewed papers in the field of power electronics and its applications. With the goal of promoting the technology of power electronics including concepts, theory, modeling and control, analysis and simulation, emerging technology and applications, CPSS TPEA is expected to be a favorable platform to strengthen information exchange in this area. Interested authors are welcome to submit your papers via the Manuscript Central (<https://mc03.manuscriptcentral.com/tpea-cpss>) online submission system. You can find more information on our website: <http://tpea.cps.org.cn>.
